

International
Companions for
Learning

Dear international students,

We would like to invite and encourage you to join the program 'ICL' (International Companions for Learning) for cultural exchange. You may join the program by volunteering or by taking the NTU international course OIA1059 (as an extra bonus; see our website for details).

This is a national program funded by the Ministry of Education. It provides an opportunity for international students and local students to match with kids from (mostly countryside) schools of all 22 cities in Taiwan, including the islands. The format of the program contains both weekly video sessions (for 9-12 weeks) and fully-sponsored field trips for meetups at the schools. Each international student will be paired up with a local student who will assist with the preparation, translation, and communication. Official certificates issued by the Ministry of Education and NTU will be awarded to students of sufficient attendance in order to recognize their contribution.

To join the program, simply visit <http://icl.tw/student>

Deadline for registration: 12:00, 09/18 (Fri) or when the quota is full.

Please refer to the links below for further information about ICL.
